

## **Important – Planning permission & notices of consent**

### **Compliance with conditions**

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email [planning@manchester.gov.uk](mailto:planning@manchester.gov.uk)

#### **Article 35 Declaration**

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application.

### **Condition(s) attached to this decision**

---

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Proposed ground-floor plan 03 rev A, received by email 7th October 2021;

Proposed first-floor plan 04 rev A, received by email 7th October 2021;

Proposed elevations 05 rev A, received by email 7th October 2021.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) The materials to be used on the external surfaces of the extension hereby permitted shall match those of the existing building in type, size, colour and texture.

Reason - In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with saved policies DC1 of the Unitary Development Plan for the City of Manchester and policy DM1 of the Manchester Core Strategy, and the requirements of the National Planning Policy Framework.

4) Details of a bin store shall be submitted to and approved in writing by the City Council as local planning authority. The bin store shall be installed within 1 month of the completion of building works and shall remain there in perpetuity.

Reason - To maintain the quality of the street environment in the locality of the development in order to comply with policies SP1 and DM1 of the Core Strategy.

5) Within 1 month of the date of this permission the submitted flood risk assessment shall be updated and re-submitted to and approved in writing by the local planning authority. For the avoidance of doubt, as per the government standing advice, the assessment must be updated to include the following additional information:

- A description of your development.

- An assessment of the flood risk from all sources (such as: fluvial, surface water, groundwater, sewer, reservoir and canal) of flooding for your development (this does not require bespoke hydraulic modelling, and may be based on data obtained freely via an Environment Agency data request and opensource data on the DEFRA and government platforms). Note this should include publicly available maps where applicable.

- Provide a plan showing the finished floor levels (FFLs) and the estimated flood levels. FFLs should take into consideration predicted flood levels and should be set to an appropriate level, this may be either no lower than existing internal FFLs of the adjoining dwelling or 300 millimetres (mm) above the estimated flood level. All levels should be in mAOD.

- Consideration of flood safety measures (such as signing up for EA flood warnings) and evacuation plans where required.

- As the site is located within a Flood Zone 3 (and identified to be protected by flood defences), the Environment Agency should be consulted about the level of flood protection at the location of the development and request a Flood Defence Breach Hazard Map (You can email the Environment Agency at: [enquiries@environment-agency.gov.uk](mailto:enquiries@environment-agency.gov.uk))

Reason: To ensure that the development is not at an increased risk of flooding (from various sources) and that the appropriate flood resilience and resistance measures have been implemented on site where required pursuant to policies EN14 and DM1 of the Core Strategy for Manchester.

## Informatives

---

This decision relates to the extension or improvement of an existing dwellinghouse, falling within Class C3 of the Town and Country Planning (Use Classes) Order 1987 (as amended) and does not infer or imply approval for the use of the property for any other purpose.

Manchester City Council has made an Article 4 Direction to remove permitted development rights that allow for a change of use from Class C3 - *Dwellinghouses* to Class C4 - *House in Multiple Occupation*. This means that from 8 October 2011, planning permission is required for a change of use from a Dwellinghouse to a House in Multiple Occupation. Further information regarding the Article 4 direction can be found on Manchester City Council's website:

[www.manchester.gov.uk/info/200074/planning/4847/article\\_4\\_direction](http://www.manchester.gov.uk/info/200074/planning/4847/article_4_direction)

If you intend to use the property to which this decision relates for any purpose other than a dwellinghouse, you should first contact Manchester City Council's Planning Service. Failure to obtain any necessary planning permission prior to carrying out a material change of use or physical development could result in enforcement action being taken, which can have serious implications.

This permission does not grant approval under Building Regulations.

Date: 11 October 2021

Julie Roscoe  
Director of Planning, Building Control & Licensing

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them.
