Condition number(s)	
Condition 4) No development approved by this planning permission shall commence until a remediation strategy to deal with the risks associated with contamination of the site in respect of the development hereby permitted, has been submitted to, and approved in writing by, the local planning authority. This strategy will include the following components: 1.A preliminary risk assessment which has identified:	

4. Description of the Proposal

- all previous uses
- potential contaminants associated with those uses
- a conceptual model of the site indicating sources, pathways and receptors
- potentially unacceptable risks arising from contamination at the site

2. A site investigation scheme, based on (1) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off-site.

3. The results of the site investigation and the detailed risk assessment referred to in (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.

4. A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

5) No development shall take place until a detailed method statement for borehole drilling and associated grouting works has been submitted to and approved in writing by the local planning authority. The scheme shall include:

- Details of the measures and working practices which will be implemented in order to prevent and minimise the environmental impacts of the works to controlled waters considering both the pollution introduction and pollution migration.
- A map identifying the location of boreholes and their positioning relative to development infrastructure.

Thereafter the development shall be carried out in accordance with the approved scheme. Any subsequent amendments to the approved scheme shall be agreed in writing with the local planning authority.

Has the development already started?
