Dear Sir/Madam,

**Town & Country Planning Act 1990**

**Planning application reference:** 129406/FO/2021

**Planning Inspectorate reference:** APP/B4215/21/W/3287525

**Appellant's name:** Fusion Manchester DevCo Ltd

**Development:** Full planning permission for a 28-storey purpose built student accommodation building (Sui Generis)

**Location:** Land At Deansgate South, Manchester

**Appeal start date:** 15 December 2021

I am writing to inform you that an appeal has been made in respect of the above matter.

The appeal follows the refusal of the City Council to grant planning permission for the above-mentioned development. The reasons for refusing the application are as follows:

1) The proposal is not in close proximity to the University campuses or to a high frequency public transport route which passes this area and the applicant has failed to demonstrate robustly that there is unmet need for the proposed student accommodation; that they have entered into an agreement with an education provider for the provision of student accommodation; or that their proposal is deliverable. Furthermore, the proposal does not demonstrate a positive regeneration impact in its own right and would be contrary to the Great Jackson Street Development Framework and the efforts made to create a high quality residential area. It would, therefore, adversely impact upon the safety and welfare of future students, would not create a balanced high quality neighbourhood of choice and would be detrimental to the character of the area, undermining the on-going regeneration of the wider locality, including Castlefield and the Great Jackson Street area. It would thereby be contrary to policies SP1, H1, H12, CC3, CC8, CC10, T2 and DM1 of the Core Strategy for the City of Manchester and the National Planning Policy Framework.

2) The proposed building by reason of its scale, height, position on the site and its use of poor quality cladding materials, would form an over-dominant feature within the street scene and would fail to meet the quality that such a prominent building should achieve. It would thereby have a detrimental impact on visual amenity and is therefore considered to be contrary to policies SP1, EN1, EN2 and DM1 of the Manchester Core Strategy, guidance contained in the Guide to Development in Manchester Supplementary Planning Document and Guidance and the National Planning Policy Framework.

3) The proposed building by reason of its scale, height, position on the site and lack of public realm would form over-development of the site, having an overbearing relationship to the adjacent building and creating a feeling of overcrowdedness. It would thereby have a detrimental impact on urban design and visual amenity. It is therefore considered to be contrary to policies SP1, EN1, EN2, and DM1 of the Manchester Core Strategy, guidance contained in the Guide to Development in Manchester Supplementary Planning Document and Guidance and the National Planning Policy Framework.

4) The proposed building by reason of its scale, design and appearance would form an over-dominant and intrusive feature within the street scene and would thereby have a detrimental impact on the settings of the nearby listed buildings. The proposed building would cause less than substantial harm to the significance of these heritage assets, which would not be outweighed by the public benefits of the scheme. It is therefore considered to be contrary to guidance within the National Planning Policy Framework, policies SP1, CC9, EN3 and DM1 of the Manchester Core Strategy and saved policy DC19.1 of the Unitary Development Plan for the City of Manchester.

5) The proposed building by reason of its scale, design and appearance would form an over-dominant and intrusive feature within the street scene and would thereby have a detrimental impact on the character and appearance of Castlefield Conservation Area. The proposed building would fail to preserve or enhance the character and appearance of Castlefield Conservation Area and would cause less than substantial harm to the significance of this heritage asset, which would not be outweighed by the public benefits of the scheme. It is therefore considered to be contrary to guidance within the National Planning Policy Framework, policies SP1, CC9, EN3 and DM1 of the Manchester Core Strategy and saved policy DC18.1 of the Unitary Development Plan for the City of Manchester.

6) The proposed building by reason of its scale, massing and height would have a detrimental impact upon the wind environment around the building, requiring mitigation. The applicant has failed to demonstrate that the mitigation measures put forward are capable of implementation and no alternatives have been put forward. Therefore, it is considered that the proposed building, by reason of its scale, massing and height, could have a detrimental impact on the safety and comfort of pedestrians and cyclists, thereby being contrary to policies EN2 and DM1 of the Manchester Core Strategy.

The appeal is to be decided by a Public Inquiry, which is scheduled to take place at a date to be advised. An Inspector will be appointed by the Secretary of State and will decide the appeal under section 79 of the Town and Country Planning Act 1990 and associated powers.

You may attend at the Public Inquiry and at the discretion of the Inspector, give your views. If you wish to speak at the Inquiry you must be there when it opens. If special facilities are required in the case of persons with disabilities please contact the Planning section using the above number.
