Subject: Re: APP REF NO CDN/21/0378 - Glade of Light Access Comments (Planning)

Hi Angela,

Yes the finish of the plaque is vandal proof.

Please see text below from BCA in response to this query:

Plaque

Visibility: Matt finish to avoid reflections from the surface.

Warm to touch: Perspex has been replaced with metal as the signmaker only works with sustainable materials. Warm to touch coating to be provided.

Vandal proof: Top surface will be easily cleanable (Finished with 2 coats anti graffiti lacquer). Structure is made of CorTen steel. The coarse-grained patina is graffiti and sticker-resistant, and any repairs or alterations to the CorTen steel structure will become invisible over time due to its natural oxidation.

Let us know if you need anything further.

Regards,

Frank
