

NOTES:

All soft landscaping to strictly conform to Countryside Properties Plc Performance Specification for Soft Landscape Works.

All Street Trees to be minimum 2m clear stems.

No species, centre, size etc.... is to be amended without the prior approval of the landscape architect.

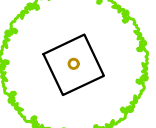

The use of pesticides and other non-organic garden chemicals are to be kept a minimum to prevent any cumulative effects within the food chain.

Good horticultural practices shall be implemented within the planting scheme e.g. use of peat-free composts and mulches and application of non-residual pesticides.

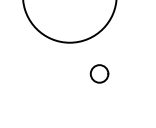

All trees to be checked by a structural engineer in compliance of NHBC requirements for design of foundations.

Do not scale.

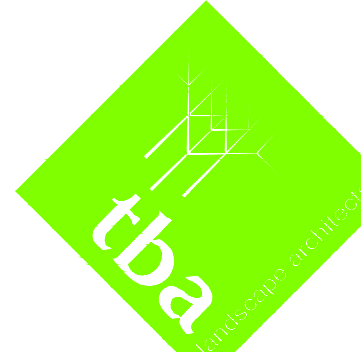

KEY

 Proposed standard tree type in hard landscape.

 Existing tree to be removed.

 Lighting.
