Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

Listed building: Not applicable

Conservation area:

Tree Preservation Order:

Description of area

The applicant site relates to 18 Gildersdale Drive within the ward of Higher Blackley. It is a detached, red brick bungalow. The applicant site benefits from a spacious curtilage. This includes a front garden, a driveway to fit 3 cars, green space between the driveway and the boundary edge, a large garage, a large rear garden and a rear conservatory. An additional outbuilding is marked on the submitted Location Plan but is not highlighted as an outbuilding on the Elevational drawings.

Description of development

The submitted application seeks a Certificate of Proposed Lawful Development for the erection of a single storey rear extension. The current conservatory will be demolished, and the proposed development will stand in its place. A new bi-folding door, 3 windows and a skylight will be inserted in the rear extension. The proposal will have a flat roof.

Consultations & Notification Responses

Environmental Health

Although not directly consulted, Environmental Health ask that a CLAND Watching Brief is added as an informative to any approval. In the event that ground and/or groundwater contamination and/or ground gas are encountered on the site before the development is occupied, the developer is advised to cease works and contact Environment On Call on 0161 234 5004 or email contact@manchester.gov.uk for advice on how to proceed.

Issues

The Certificate of Lawful Development has been applied for as the applicant wishes to gain confirmation that a proposed rear single storey extension constitutes permitted development. The proposal therefore needs to be assessed with regards to the Town and Country Planning (General Permitted Development) (England) Order 2015. This sets out the rules concerning what extensions, improvements, and alterations a householder may make to their house and the area around it without the need for an application for planning permission. Such works are known as 'permitted development'.

The Town and Country Planning, Schedule 2, Part 1, Class A - Permitted development - The enlargement, improvement, or other alteration of a dwellinghouse.

A.1. Development is not permitted by Class A if—

(a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P or Q of Part 3 of this Schedule (changes of use);

(b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);

(c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;

(d) the height of the eaves of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the eaves of the existing dwellinghouse;

(e) the enlarged part of the dwellinghouse would extend beyond a wall which—

(i) forms the principal elevation of the original dwellinghouse; or

(ii) fronts a highway and forms a side elevation of the original dwellinghouse;

(f) subject to paragraph (g), the enlarged part of the dwellinghouse would have a single storey and—

(i) extend beyond the rear wall of the original dwellinghouse by more than 4 metres in the case of a detached dwellinghouse, or 3 metres in the case of any other dwellinghouse, or

(ii) exceed 4 metres in height;

(g) until 30th May 2019, for a dwellinghouse not on article 2(3) land nor on a site of special scientific interest, the enlarged part of the dwellinghouse would have a single storey and—

(i) extend beyond the rear wall of the original dwellinghouse by more than 8 metres in the case of a detached dwellinghouse, or 6 metres in the case of any other dwellinghouse, or

(ii) exceed 4 metres in height;

(h)the enlarged part of the dwellinghouse would have more than a single storey and—
(i)extend beyond the rear wall of the original dwellinghouse by more than 3 metres, or
(ii)be within 7 metres of any boundary of the curtilage of the dwellinghouse opposite the rear wall of the dwellinghouse;

(i)the enlarged part of the dwellinghouse would be within 2 metres of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3 metres;

(j)the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse, and would—

- (i)exceed 4 metres in height,
- (ii)have more than a single storey, or
- (iii)have a width greater than half the width of the original dwellinghouse; or

(k)it would consist of or include—

- (i)the construction or provision of a verandah, balcony or raised platform,
- (ii)the installation, alteration or replacement of a microwave antenna,
- (iii)the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or
- (iv)an alteration to any part of the roof of the dwellinghouse.

A.3. Development is permitted by Class A subject to the following conditions—

(a)the materials used in any exterior work (other than materials used in the construction of a conservatory) must be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse;

(b)any upper-floor window located in a wall or roof slope forming a side elevation of the dwellinghouse must be—

- (i)obscure-glazed, and
- (ii)non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed; and

(c)where the enlarged part of the dwellinghouse has more than a single storey, the roof pitch of the enlarged part must, so far as practicable, be the same as the roof pitch of the original dwellinghouse.

Assessment

The proposed rear, single storey extension would have approximate dimensions of Height: 2.65 (to eaves) x Length: 3 x Width: 12.42 metres. The extension would be sited approximately 3.7 metres away from adjoining neighbour 20 Gildersdale Road and 0.95 metres away from 16 Gildersdale Road. The proposed extension is located within the rear garden of the property and would not be forward of any land forming the principal elevation. The footprint of the extension would not occupy over 50% of the original curtilage of the dwellinghouse. Following an email exchange on 10th September, materials were confirmed to match those used in the construction of the exterior of the existing dwellinghouse.

As the proposed extension does not breach any of the above restrictions, the certificate can be granted as the proposed development would be lawful as permitted development.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

- 1) Approve on the basis that proposal detailed within:
 - Application for a Lawful Development Certificate or a Proposed Use or Development form, stamped as received by the City Council as Local Planning Authority on 7 July 2021
 - Drawing- Existing and Proposed- Plans and Elevations, numbered A001 & A002 (REVISED), stamped as received by the City Council as Local Planning Authority on 20 July 2021
 - Drawing- Location Plan- Site & Location Plans, stamped as received by the City Council as Local Planning Authority on 7 July 2021

constitutes permitted development in accordance with Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended).

Informative

- 1) CLAND Watching Brief
In the event that ground and/or groundwater contamination and/or ground gas are encountered on the site before the development is occupied, the developer is advised to cease works and contact Environment On Call on 0161 234 5004 or email contact@manchester.gov.uk for advice on how to proceed.
