Case Officer: Robert Griffin

Customer Details

Name: Not Available

Address: Not Available

Comment Details

Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: I agree that more affordable housing is needed and hope that they will be within a price range that young families can purchase these homes.

The traffic on Sale Road is already very busy what plans are there to add extra access to the site? Could a feeder road to the parkway be considered?
