Good afternoon John,

We received the letter below via email. I just wanted to check that we are able to go ahead with the proposed pruning work to the trees. We haven't had a visit from anyone from the council, however, we can't see our application anywhere on the portal. We obviously wouldn't want to go ahead with any work unless we full confirmation that we are allowed to do so.

I would really welcome your advice on our current position.

Many thanks,

Alex
