Delegated officer report for planning application

Application no. 133139/FH/2022

Date registered valid: 17 March 2022

Proposal: Erection of a single storey side and rear extension to form additional living accommodation

Address: 114 Longford Road, Manchester, M21 9NP

Ward(s): Chorlton Ward

Applicant: Mrs Jude lee 114 Longford Road, Manchester, M21 9NP

Agent (if any): Mr Mark Walsh Vision Design Group 6 Harrycroft Road, Stockport, SK6 1NT

Case officer: Tracie Simpson
Tel: 0161 234 4537
Email: tracie.simpson@manchester.gov.uk

Recommendation: Approve

Date of recommendation: 24th May 2022

Application details

Type of application:	Full Householder Application
Development type:	Householder
Date of site visit:	
Standard consultations:	No consultations have been printed and sent.
Neighbour notifications	Printed: 23 March 2022 Expired: 13 April 2022
Site notice	No site notice has been produced
Press advert	No press advert had been published
Departure from Development Plan:	No
Environmental Statement:	Not required

Description of site/building

The site relates to a two storey semi detached property in the Chorlton ward area of Manchester. The property benefits from a two storey rear outrigger with single storey rear extension attached and rear dormer.

Listed building:	Not applicable
Conservation area:	Not applicable
Tree Preservation Order:	Not applicable

Description of area

This is primarily a residential area in character.

Description of development

The applicant is seeking planning permission for the erection of a single storey side

Consultations & Notification Responses

Local residents - as per Appendix 1 - Occupiers of properties surrounding the application site were notified of the proposal. No comments have been received as a result of this proposal.

Environmental Health – if approved, attach condition for Gas Membrane

Policy and Issues

The following policies are considered relevant in the consideration of this application.

- o Unitary Development Plan (UDP) - The UDP has been superseded by the Core Strategy Development Plan.
- o Policy DC1 for Residential Extensions is still considered of relevance, in particular policy DC1.5 - The Council will consider on their merits exemptions to the above policies in the case of applications from disabled people who may require particular adaptations to their homes.
- o The Manchester Core Strategy Development Plan Document 2012-2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012.
- o Policy DM 1 - Development Management
- o Policy SP1 - Spatial Principles
- o Policy EN1 - Design Principles
- o Policy EN19 Waste
- o The National Planning Policy Framework (NPPF)

For reasons to be outlined below, it is considered the proposal does accords with the principles of this policy document.

Principle

Policies SP1 and DM1 of the Manchester Core Strategy 2012 (Core Strategy) seek to ensure that new development enhances or creates character, protects and enhances the built environment; and that the design, scale and appearance of the proposed development is appropriate to its context. Policies DC1.1, DC1.2, DC1.3 and DC1.4 of The Unitary Development Plan for the City of Manchester 1995 (UDP) relate specifically to residential extensions and set out a number of criteria against which proposals for extensions will be assessed. Although these latter policies are now of some age, they are consistent with the guidance in the National Planning Policy Framework (NPPF) which seeks a high standard of design in new developments which provides a good standard of amenity of all existing and future occupiers.

The principle of allowing residents to extend their homes to provide enlarged or improved accommodation is generally acceptable provided that there is no overriding, undue impact upon either the character of the property or upon the residential and visual amenity of nearby residential occupiers.

In this instance the principle of the proposal is considered acceptable, and it is not believed that there are any factors of sufficient weight in amenity terms that would warrant refusal of the application.

On balance, the proposed extension is deemed to accord with saved policy DC1 of the UDP and policies DM1 and SP1 of the Manchester Core Strategy.

History

There are no previous planning applications relating to this site.

Residential Amenity

The applicant is seeking consent for the erection of a single storey side and rear extension to form additional living accommodation.

The extension would form a small wrap around the rear wall of the house extending rearwards measuring 7.1m in line with the existing rear outrigger forming a flush rear elevation on ground floor. The overall width of the proposal across the rear would be 6.0m and would extend up to the shared boundary with the adjacent property no. 112 Longford Road. The roof of the extension would be a dual pitch with the inclusion of three roof lights. Bi folding doors are proposed on the rear leading into the rear garden area. No windows are proposed on the side elevation.

It is not considered that the introduction of a side and rear extension would provide visual harm to the adjacent or surrounding properties in the area. The footprint is not considered to create a bulky or disproportionate scale addition to the property. Although the extension would be visible from the public highway and therefore would feature within the street scene, the character of the area has been retained and is in keeping with the existing and other houses in the area. The appearance is acceptable and its impact upon visual amenity is considered negligible.

Although the single storey element of the proposal exceeds City Council's saved Policy DC1 of 3.65 metres, the proposal is single storey and there have been no objections from the adjoining properties.

On balance, the extension is considered can be acceptably accommodated at the application property and is considered that the proposal would not interfere with the existing characteristics of the area.

The proposal therefore complies with The National Planning Policy Framework; Core Strategy policies SP1, DM1, EN1 and Saved Policies DC1 Unitary Development Plan.

Siting, scale and massing

The proposal has been sited and designed to ensure that it is subservient to the original dwelling house. The size and footprint of the proposed extension is not believed to provide an overbearing impact upon the residential amenities of surrounding properties. It is therefore considered that the scale and mass of the proposed extension is satisfactory and is therefore considered to accord with the principles for residential extensions set out in saved UDP policy DC1, DM1 and EN1 of the Core Strategy.

Design

The design of the extension has been tailored to fit the shape of the existing property/plot and respect the relationship with the neighbouring property at the side and rear and is considered acceptable and detailed as what is normally expected of such a structure. The design of the proposal would be an acceptable addition to the property and in terms of the proposed materials it is intended to use matching materials as specified in the application form.

On balance it is considered that the design and appearance of the proposed development accords with Core Strategy Policies DM1 and EN1 and in general the design is considered acceptable.

Refuse

There is sufficient space along the side of the property for the storage of bins. This is considered to be acceptable, therefore the proposal accords with policy EN19 of the Core Strategy.

Parking

The existing arrangements would be unaffected by this proposal.

Conclusion

The proposal is considered to be acceptable in this location in terms of design, scale and massing, allowing the occupiers to adapt their home to meet their needs, without unduly detrimentally affecting the amenities of the occupiers of surrounding properties, and there are no material considerations of sufficient weight to indicate otherwise.

It is considered that the proposal would not give rise to any undue loss of amenity, loss of light or loss of privacy to neighbouring occupiers, therefore, the proposal is considered to accord with saved UDP policy DC1, policies SP1 and DM1 of the Core Strategy.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation: Approve

Article 35 Declaration

Positive and proactive working Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application. The application has been determined in a timely manner and in accordance with the policies within the Development Plan.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Received on 17th March 2022 numbered A101 Rev 2 Existing and Proposed Plans and Visuals
Received on 17th March 2022 numbered A107 Rev 1 Existing and Proposed Site Plan

Received on 17th March 2022 numbered A111 Rev 2 Existing and Proposed Elevations

Reason - To ensure that the development is carried out in accordance with the approved plans.
Pursuant to policies SP1 and DM1 of the Core Strategy.

3) The materials to be used on the external surfaces hereby permitted shall match those as specified on the application form in type, size, colour and texture.

Reason - To ensure the appearance of the building to be extended is not adversely affected by the materials to be used in the construction of the structure, pursuant to policy DM1 of the Manchester Core Strategy.

4) Prior to the commencement of development appropriate and comprehensive construction designs for the installation of a proprietary gas membrane, in order to alleviate any possibility of landfill gas ingress to the building, shall be submitted for approval to the City Council, as Local Planning Authority. The approved details shall then be implemented as part of the development.

Reason - the development site lies within 250 metres of a registered landfill site or in close proximity to a potential historical source of landfill gas pursuant to policy EN18 of the Manchester Core Strategy (2012).
