Dear David

Air & Space Hall, Science and Industry Museum, Manchester – Discharge of Condition Application for Condition 7 Attached to Listed Building Consent Ref. 129991/LO/2021

Please find enclosed an application for partial discharge of condition 7 attached to the listed building consent 129991/LO/2021. The application relates to works at the Science & Industry Museum's Air & Space Hall. The applicant is the Science and Industry Museum.

The description of development for the Listed Building Consent received on 04 June 2021, is as follows:

"Listed Building Consent for minor façade removal and reinstatement, to enable the potential decant of objects within the Grade II Listed Air and Space Hall, alongside façade repairs."

Condition 7 – Photographic Record

The application seeks partial discharge of condition 7, specifically part (a):

7) (a) Before development commences, a full photographic record of the site and the building (internally and externally) including all areas where physical changes are proposed, shall be submitted to and approved in writing by the City Council as local planning authority.

Buttress Architects Ltd have produced the photographic record required by the condition and this is provided within this application – see 'Air & Space Hall - Photographic Record'.

This information is submitted to partially discharge Condition 7, so that works can commence.

I trust this application is in order and request the Local Planning Authority's written consent that the enclosed information is sufficient to allow the formal discharge as outlined in the table above.

Should you have any questions or require additional information, please contact me or my colleagues Katie Wray (kawray@deloitte.co.uk / 0161 455 6350) and Joe McElhone (joemcelhone@deloitte.co.uk / 0161 455 6994).

Yours sincerely,

A handwritten signature in blue ink, appearing to read "J Cooper", with a horizontal line drawn across the top of the letters.
