minto & turner • external escape stair colour

The following note relates to the proposed colour for the external escape stairs located on the Little David Street and Canal Street elevations of the Minto & Turner building.

The Project Team have chosen the proposed colour following a visual inspection of the existing paint to the stairs (refer photographs below) with the view provide a close match. Methodology of repair work to follow.

Proposed colour - RAL 3011 Braunrot

figs 01 + 02 • images of RAL swatch against various elements of the existing stair
