Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Please state why you wish to make this amendment

It is believed that constructing the porch with a shallow single pitched roof would offer greater overall benefits to the scheme.

The change would benefit the development by fitting in with the surrounding context as the roof and window would now match those of neighbouring properties. Additionally, this change will allow for a radiator to be fitted beneath the window / and offer an more efficient opening window system for ventilation purposes.

In relation to the previously approved application, this change has been considered as the character and description of the development would remain the same, and the scale / nature will not be substantially different from what has been approved. The porch / window are not facing any neighbouring properties and therefore would not affect any visual intrusion, loss of light or feeling of enclosure to any surrounding land.

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
