

Replacement Signage at Platt Lane

Key information for local residents

We are aiming to replace signage at Platt Lane Sports Centre this Autumn, to come in line with our updated branding and signage on our campus.

We are intending to replace the signs on the Complex building, Dome building and at the main entrance. We also aim to also have an additional sign at the 9-a-side dome. We will be submitting an application for advertising consent to Manchester City Council shortly.

As one of our neighbours, we wanted to let you know about the details of our proposal.

Our designs for the replacement signage are black and white, and we aim that they will be aluminium or vinyl banners. You can see an example of the proposed design below.

We hope that the signage will be clearer for our visitors and help them to find their way around the complex more easily. Due to the nature and location of the changes to signage, we anticipate that there will be minimal disruption for visitors and local residents.

If you have questions or comments about the new signage please feel free to contact us by 30 July 2021.
