Delegated officer report for planning application

Application no. 130152/FH/2021

Date registered valid: 30 April 2021

Proposal: Erection of dormer window to side to provide additional living accommodation and installation of roof lights

Address: 12 Silverdale Road, Manchester, M21 0SH

Ward(s): Chorlton Ward

Applicant: Mr David Deane 12 Silverdale Road, Manchester, M21 0SH

Agent (if any): Mr Benjamin Maguire BM Architectural Services Apartment 8, 224 Great Clowes Street, Salford, M7 2ZS

Case officer: Melanie Tann
Tel: 0161 234 4538
Email: melanie.tann@manchester.gov.uk

Recommendation: Approve

Date of recommendation: **23rd June 2021**

Application details

Type of application: Full Householder Application

Development type: Householder

Standard consultations:

No consultations have been printed and sent.

Neighbour notifications

Printed: 6 May 2021 Expired: 27 May 2021

Site notice

No site notice has been produced

Press advert

No press advert had been published

Departure from Development Plan: No

Environmental Statement: Not required

Description of site/building

The property is a traditional, two/three-storey semi-detached house

Listed building: Not applicable

Conservation area: Not applicable

Tree Preservation Order: Not applicable

Description of area

The area is residential in character

Description of development

Erection of dormer window to side to provide additional living accommodation and installation of roof lights

Consultations & Notification Responses

Policies

Unitary Development Plan

Saved Policy DC1.1 states that in determining planning applications for extensions to residential properties, the Council will have regard to:

- a. The general character of the property;
- b. The effect upon the amenity of the neighbouring occupiers;

- c. The desirability of enabling people to adapt their houses in appropriate ways to meet changing household needs;
- d. The overall appearance of the proposal in the a street scene;
- e. The effect of the loss of any on-site car parking.

DC1.2 states that extensions to residential properties will be allowed subject to compliance with other relevant policies of the Plan and the following criteria:

- a. They are not excessively large or bulky (for example resulting in structures which are not subservient to original houses or project out too far in front of original buildings);
- b. They do not create undue loss of sunlight, daylight or privacy;
- c. They are not out of character with the style of development in the area or the surrounding scene by virtue of design, use of materials or construction details.

The Core Strategy Development Plan Document 2012 -2027 ("the Core Strategy") was adopted by the City Council on 11th July 2012. It is the key document in Manchester's Local Development Framework. The Core Strategy replaces significant elements of the Unitary Development Plan (UDP) as the document that sets out the long term strategic planning policies for Manchester's future development. A number of UDP policies have been saved until replaced by further development plan documents to accompany the Core Strategy. Planning applications in Manchester must be decided in accordance with the Core Strategy, saved UDP policies and other Local Development Documents.

Policy SP1 identifies the City Council's Core Development Principles and states that development in all parts of the City should:-

Make a positive contribution to neighbourhoods of choice including:-

- Creating well designed places that enhance or create character
- Making a positive contribution to the health, safety and wellbeing of residents
- Considering the needs of all members of the community regardless of age, gender, disability, sexuality, religion, culture, ethnicity or income.
- Protect and enhance the built and natural environment

Minimise emissions, ensure efficient use of natural resources and reuse previously developed land wherever possible.

Improve access to jobs, services, education and open space by being located to reduce the need to travel and provide good access to sustainable transport provision.

Policy DM1 states that all development should have regard to the following specific issues for which more detailed guidance may be given within a supplementary planning document:-

- Appropriate siting, layout, scale, form, massing, materials and detail.
- Impact on the surrounding areas in terms of the design, scale and appearance of the proposed development. Development should have regard to the character of the surrounding area.
- Effects on amenity, including privacy, light, noise, vibration, air quality and road safety and traffic generation. This could also include proposals which would be sensitive to existing environmental conditions, such as noise.
- Accessibility: buildings and neighbourhoods fully accessible to disabled people, access to new development by sustainable transport modes.
- Community safety and crime prevention.
- Design for health.
- Adequacy of internal accommodation and external amenity space.
- Refuse storage and collection.
- Vehicular access and car parking.

- Effects relating to biodiversity, landscape, archaeological or built heritage.
- Green Infrastructure including open space, both public and private.
- Flood risk and drainage.
- Existing or proposed hazardous installations.

National Planning Policy Framework (NPPF) - This Framework came into effect on 27th March 2012 and was amended and updated in February 2019. It sets out the Government's planning policies for England and how these are expected to be applied. It defines the Government's requirements for the planning system 'only to the extent that it is relevant, proportionate and necessary to do so'. It provides a mechanism through 'which local people and their accountable councils can produce their own distinctive local and neighbourhood plans, which reflect the needs and priorities of their communities'.

The Framework re-iterates that planning law requires that applications for planning permission must be determined in accordance with the development plan unless material considerations indicate otherwise. The statutory status of the development plan remains as the starting point for decision making. However, the NPPF states that 'at the heart of the Framework is a presumption in favour of sustainable development' and, in 'decision-taking', this means that development proposals should accord with the development plan should be approved without delay unless: any adverse impacts of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in this Framework taken as a whole or specific policies in this Framework indicate development should be restricted

National guidance can be found in the National Planning Policy Framework (NPPF). The central theme to the NPPF is to achieve sustainable development. The Government states that there are three overarching objectives to achieving sustainable development: an economic objective, a social objective and an environmental objective (paragraph 8).

Issues

Principle

As the proposal seeks to extend a residential property policy DM1 and saved policy DC1.1-1.6 are applicable.

Consideration has, however, been given as to whether the scale, massing, design and appearance of the proposed dormer extension is acceptable. In addition, consideration has been given to any impact the proposed development may have on the residential and visual amenity of neighbouring occupiers and the residential area.

Scale and Massing

The proposed dormer would be sited on the side of the roof to the front of the side gable. The proposed dormer would be stepped up from the eaves and set in and below the ridge. The proposal would utilise hung tiles and would form a bathroom. The proposed rooflights would be set to the front and back of the roof of the existing side gable.

It should be noted that precedent has been set for this type of extension by the property next door, which is much larger than what is proposed here.

Loss of light/overshadowing

It is not considered that the proposed side dormer would lead to a loss of light to neighbouring properties.

Residential amenity/visual amenity

It is not considered that the proposed side dormer would form an overly bulky or incongruous feature within the street scene.

The side dormer has been sympathetically designed to take the amenity of neighbouring occupiers into account and therefore, it is felt that the proposed dormer can be acceptably accommodated at the application property.

It is not considered that the proposal would create any undue overlooking or loss of privacy to neighbouring occupiers. An obscured glazing condition has been added to protect the privacy of the neighbouring occupiers.

Other issues

The applicant has confirmed that the property is in use as a single family dwellinghouse and it is their intention to keep it as such.

Conclusion

For these reasons, it is considered that the proposed dormer would have an acceptable appearance which would not be detrimental to the character of the area. In light of this, the proposed dormer is considered to be acceptable in terms of its appearance and would not be detrimental to visual amenity within the area and views within the streetscene, therefore, according with saved policies DC1.1, DC1.2 and policies DM1, SP1 of the Core Strategy.

Human Rights Act 1998 considerations

This application needs to be considered against the provisions of the Human Rights Act 1998. Under Article 6, the applicants (and those third parties, including local residents, who have made representations) have a right to a fair hearing and to this end the local planning authority must give full consideration to their comments.

Protocol 1 Article 1, and Article 8 where appropriate, confer(s) a right of respect for a person's home, other land and business assets. In taking account of all material considerations, including Council policy as set out in the Core Strategy and saved policies of the Unitary Development Plan, the Director of Planning, Building Control & Licensing has concluded that some rights conferred by these articles on the applicant(s)/objector(s)/resident(s) and other occupiers and owners of nearby land that might be affected may be interfered with but that that interference is in accordance with the law and justified by being in the public interest and on the basis of the planning merits of the development proposal. She believes that any restriction on these rights posed by the recommendation given is proportionate to the wider benefits of and that such a decision falls within the margin of discretion afforded to the Council under the Town and Country Planning Acts.

Recommendation:

Article 35 Declaration

Officers have worked with the applicant in a positive and proactive manner based on seeking solutions to problems arising in relation to dealing with the planning application.

Condition(s) to be attached to decision for approval OR Reasons for recommendation to refuse

1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Proposed plans and elevations BM/0421/SILV/PL2, stamped as received 22nd April 2021.

Reason - To ensure that the development is carried out in accordance with the approved plans. Pursuant to policies SP1 and DM1 of the Core Strategy.

3) The materials to be used on the external surfaces of the extension hereby permitted shall match those of the existing building in type, size, colour and texture.

Reason - In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with saved policies DC1 of the Unitary Development Plan for the City of Manchester and policy DM1 of the Manchester Core Strategy, and the requirements of the National Planning Policy Framework.

4) Before first occupation the windows in the side elevation shall be obscure glazed to a specification of no less than level 5 of the Pilkington Glass Scale or such other alternative equivalent and shall remain so in perpetuity.

Reason - To protect the amenity and living conditions of adjacent residential property from overlooking or perceived overlooking and in accordance with policies SP1 and DM1 of the Core Strategy.
