

Type of Premises: Restaurants	
Minimum issues that the applicant should address by way of steps in the operating schedule	Conditions that will usually be imposed as being consistent with proposed steps that address the issues listed.
General – all four licensing objectives Steps and appropriate conditions often satisfy the promotion of more than one licensing objective. As a consequence steps and conditions are not listed under individual licensing objective headings for the purpose of this template.	
Prevention Of Nuisance	WM10: Odour from any flue used for the dispersal of cooking smells serving the building shall not cause nuisance to the occupants of any properties in the vicinity. Recommendation: It is recommended that any flues for the dispersal of cooking smells shall either: (i) Terminates at least 1 metre above the ridge height of any building in the vicinity, with no obstruction of upward movement of air or: (ii) Have a method of odour control such as activated carbon filters, electrostatic precipitation or inline oxidation. <i>Guidance on the above can be gained at 'Guidance on the Control of Odour & Noise from Commercial Kitchen Exhaust System' Published electronically by Department for Environment, Food and Rural Affairs. Product Code PB10527</i> <i>In those instances where premises abut residential accommodation there will be a requirement for an assessment of the potential for noise transmission which results in noise nuisance.</i> NP32: A report shall be submitted detailing and recommending a scheme of sound insulation works for the partition between the licensed premises and adjacent residential useage. The report shall also consider the noise leakage from the building and also consider the volume and nature of the music likely to be desired by the premises. The report shall be submitted to and approved in writing by the Council through an authorised officer of the Pollution Control Team and all recommended works carried out in full prior to the commencement of any regulated entertainment should the Premises Licence be granted. <i>Guidance</i> <i>The noise assessment shall be carried out by a suitably qualified acoustic consultant/engineer and shall take into account the provisions of PPG 24 Planning Policy Guidance: Planning and Noise, BS4142: 1997. "Method of rating industrial noise affecting mixed residential and industrial areas" and BS 8233: 1999 "Sound Insulation and Noise Insulation for Buildings - Code of Practice".</i>

The recommended design criteria for dwellings are as follows:
Daytime (07.00 – 23.00) $L_{Aeq}(16 \text{ hours})$ 35 dB & Noise Rating Curve NR35 in all rooms
Nighttime (23.00 – 07.00) $L_{Aeq}(8 \text{ hours})$ 30 dB & Noise Rating Curve NR20 to NR25 in bedrooms

NP02: Amplified music shall not be played at a level that will cause unreasonable disturbance to the occupants of any properties in the vicinity.

NP03: Except for access and egress all doors and windows shall be kept closed during periods of entertainment associated with the Premises Licence.

NP04: No speakers for amplification of music shall be placed on the outside of the premises or on the outside of any building forming a part of the premises.

Noise from plant & equipment

NP68: Noise from any ventilation, refrigeration or air conditioning plant or equipment shall not cause nuisance to the occupants of any properties in the vicinity.

Recommendation:

(i) The Rating Level of any noise from any fixed plant shall not exceed the background noise level by more than 0dB at the nearest noise sensitive property as determined by BS 4142: 1997 Method of Rating Industrial Noise Affecting Mixed Residential and Industrial Areas at any time.

(ii) Anti vibration mounts should be used to isolate plant from fixed structures and a flexible connector used to connect the flue to the fan if there is a potential to transmit vibration to any noise sensitive property. Any systems will also need regular maintenance so as to reduce mechanical noise.

Guidance on the above can be gained at 'Guidance on the Control of Odour & Noise from Commercial Kitchen Exhaust System' Published electronically by Department for Environment, Food and Rural Affairs. Product Code PB10527.

Customer Noise

NP57: Clear notices displayed at all points where customers leave the building must instruct them to respect the needs of local residents and leave the premises and the area quietly.

NP58: The External area must not be used by customers after the hours of 22:00

NP63: The premises supervisor, manager or other competent person shall manage the outdoor area to ensure that customers do not behave in a noisy, rowdy or offensive manner.

	NP64: Clear notices must be displayed at prominent points in all outdoor areas (informing them as to the requirements of points <i>no drinks, hours of use</i>) requesting that they respect the needs of local residents and behave in a quiet and orderly manner. <u>Signage</u> N69: Signs shall be prominently displayed at the premises requesting that patrons respect local residents and leave the premises quietly. WM7: Activities relating to the on site disposal (<i>including placing into external receptacles</i>) and collection of refuse, bottles and recyclable materials shall only take place between 11:00 - 22:00 WM8: The collection of refuse, bottles and recyclable materials shall only take place) 09:00 - 12:00 WM9: Activities relating to deliveries shall only take place between 10:00 - 12:00 PS01: Outdoor lighting shall be positioned, so far as is reasonably practicable, so as to limit its intrusion into residential accommodation in the vicinity of the licensed premises whilst maintaining an adequate level of lighting for the safe access and egress of customers and persons employed at the premises. SA 02 An approved proof of age scheme shall be adopted, implemented and advertised within the premise such as “Challenge 25” whereby an accepted form of photographic identification shall be requested before any alcohol is sold to any person who appears to be under 25 years of age. Acceptable proof of age shall include identification bearing the customers photograph, date of birth and integral holographic mark or security measure. Suitable means of identification would include PASS approved proof of age card, photo-card driving licence and passport. (b) Publicity materials notifying customers of the operation of the Challenge 25 scheme shall be displayed at the premises, including a Challenge 25 sign of at least A5 size at the entrance to the premises and where practicable at each point of sale. EL10 Gas installations or boilers A gas safety inspection shall be carried out on all gas pipework and appliances (mains or cylinder) at intervals determined by an engineer who is suitably registered by Gas Safe. The gas safety certificate shall be retained for inspection.
