Hi John,

This work would be deemed acceptable; however, we would expect a qualified tree surgeon to carry out the work, not the onsite builders.

At this stage we would have little option but to agree, as the cabins need to be removed and there is little room for maneuver.

If done professionally there should be no issues.

Kind regards

Hi Rudi and Noel,

please see application attached, which has been submitted today. These works are to prune back by approx 2m away from site cabins. Operators already on site and works are urgent. If OK can you advise if proposed pruning works are acceptable as soon as possible.

Thanks, John

Hi Andrew,

please submit application for these tree works or ask Urban Green to do so. If you also wish to also send me a copy of the submitted information, given that you are already on site, I can contact the city arborist and try and expedite this process.

Best regards, John
