Subject: OGS - Minor Material Amendment

Good Afternoon,

Hope you are well.

We have recently submitted an Application for a Minor Material Amendment to Planning Permission 127612/FO/2020 (Old Granada Studios) relating to design changes for the container units for OGS.

Allied have reviewed the retail unit layout and the ground floor layout is being now proposed to be altered in the new build office in order to accommodate additional retail space and consolidate the bin storage areas of Old Granada Studios. As a result, a number of drawings have been updated (see attached) against original planning permission 127612/FO/2020.

To make sure Environmental Health is supportive of the change and to cover off technical requirements, we have also included a Waste Strategy Technical Note prepared by Vectos (see attached) to outline the updates to the waste strategy. This has been agreed with Graeme Souter within the Environmental Health Department and deemed acceptable.

I would be grateful if these additional drawings, waste technical note and replacement covering letter could be uploaded as part of the application. I don't believe the application has been formally validated as yet, so hopefully it should be relatively straightforward to update.

Dave – In line with this, please can you confirm with us to when you will be able to validate the planning application.

Let me know if you have any questions regarding the above.

Kind Regards,

Cameron Radford
