Part 1 – Particulars of the application/development

Proposal: Erection of three storey dwellinghouse (Class C3) to side garden, together with associated landscaping and boundary treatment

Location: 55 Slack Road, Manchester, M9 8NJ

Date of application: 22 April 2021

Application number: 129865/FO/2021

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **Refused** in accordance with the application and plans submitted for the reason(s) listed below.

Article 35 Declaration

The proposal was assessed against the policies within the Manchester Core Strategy Development Plan Document, the Manchester Residential Quality Guidance and the guidance contained within the National Planning Policy Framework and National Design Guide. The applicant was advised that the provision of residential accommodation in this location would not be appropriate due to it being out of character with the pattern of development and its detrimental impact upon residential amenity of existing and proposed occupants. As the nature of the proposal was considered to be unacceptable and following the assessment of revised plans unfortunately a solution that was acceptable to both the Local Planning Authority and the applicant could not be reached.

Reason(s) for decision

1) 1) The proposed development, by reason of its design and siting, would be out of character with the historic pattern of development in the area and result in an incongruous feature in the streetscene. It would therefore be detrimental to existing levels of visual amenity enjoyed on Slack Road and contrary to Policies SP1 and DM1

in the Manchester Core Strategy, the National Planning Policy Framework and National Design Guide.

2) The proposal seeks to locate an additional residential property in the garden space of no. 55 Slack Road. Due to the size of the plot, the layout of the site and the scale and massing of the proposed building, it is considered that this would result in unacceptable intensification and cramped overdevelopment of the site, out of character with the pattern of development in the area and with a negative impact on visual and residential amenity, contrary to Policies SP1, EN1 and DM1 of the Core Strategy and advice given in the Guide to Development in Manchester.

3) The first and second floor windows in the rear elevation of the proposed dwellinghouses would have a detrimental impact upon the levels of residential amenity enjoyed by the residents of the adjoining properties, namely nos. 55 Slack Road and Court, due to the perception of overlooking and a sense of intrusion, contrary to Policy DM1 in the Core Strategy Development Plan Document for Manchester.
