

1. Memorial Plaques

Plaques 1 + 2 Situated at The Glade of Light

Plaque locations within the Glade.

The plaques have been located near the entrances to the Glade at the North and South East ends.

The Glade of Light

On the 22 May 2017, twenty-two people - concertgoers and their loved ones waiting for them at Manchester Arena, had their lives taken in a terrorist atrocity. Many other lives were also changed in that moment forever.

To honour those lost and affected, The Glade of Light has been created as a memorial garden. A lasting testament to love.

Further details and sizes.

A dark green background with contrasting white text. CMYK ref: 100 75 100 57

Copy is 35pt and a lowercase letter is 6.18mm high. Using a sans serif typeface for legibility .

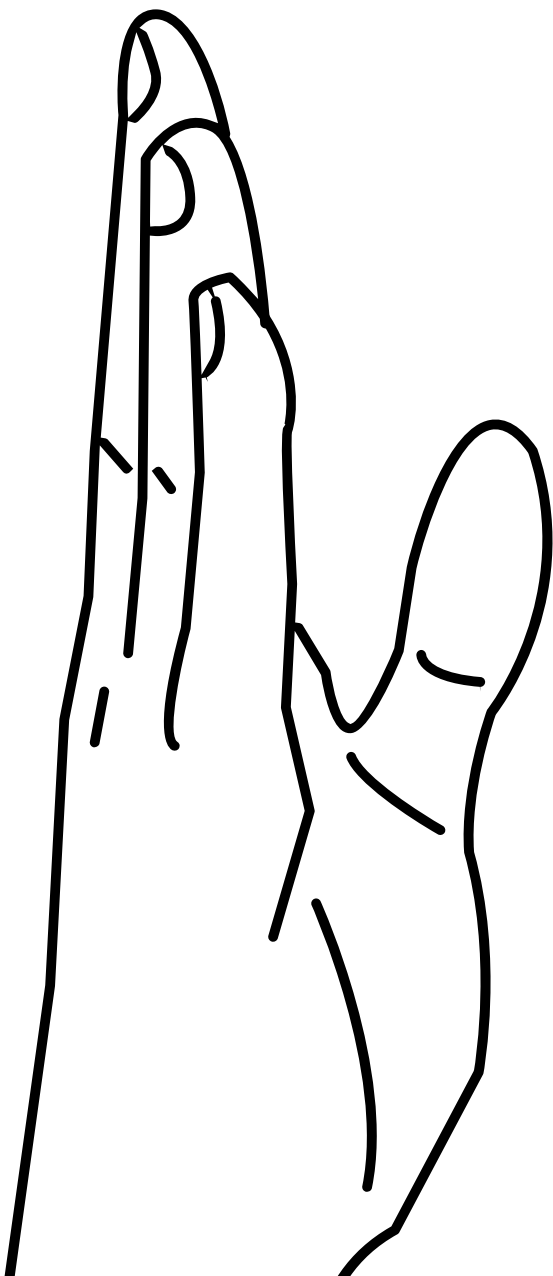

Braille located bottom left with not too much blank space surrounding it.

We are looking to use arcylc for the plaque surface.

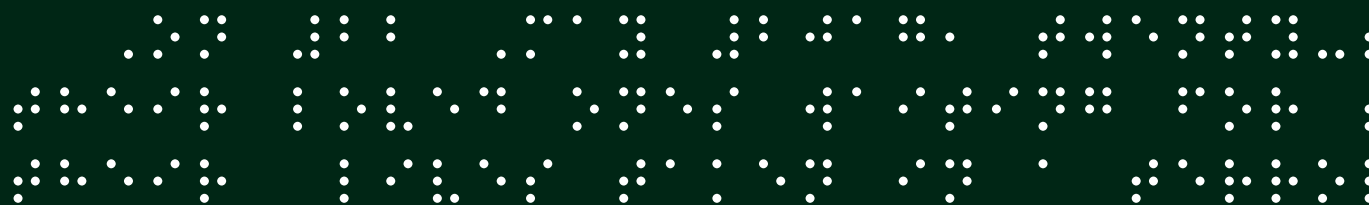

Names given their own space and prominence.

Bronze element reflecting the halo design and materials in the wider scheme.

changed in that moment forever

To honour those lost and affected
of Light has been created as a m
A lasting testament to love.

Contrast

LRV Point Difference

Here is the artwork in greyscale so we can examine the contrast.

There is a 97 contrast point difference between the proposed white and dark green colours.

Based on research of Acrylic sheet and paint products and also the external environment, we have determined that the finished surface will have a LRV (Light Reflectance Value) point difference well above the recommended 30 points.

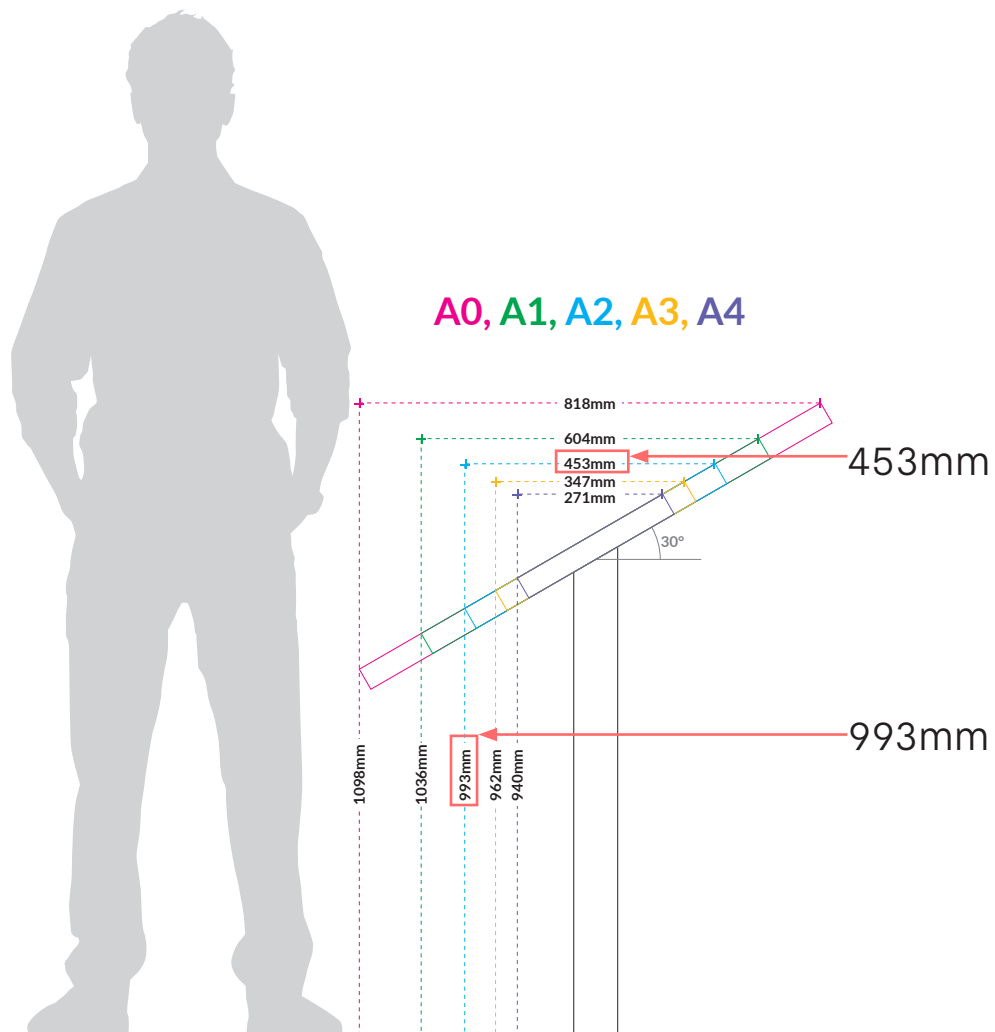

The Glade of Light

Glade of Light is a new public art installation by artist [Name] located in the heart of the park. It is a large, circular, illuminated sculpture that changes color and pattern throughout the day. The sculpture is made of metal and is surrounded by a low wall. It is a beautiful and unique piece of art that adds to the park's landscape.

The sculpture is made of metal and is surrounded by a low wall. It is a beautiful and unique piece of art that adds to the park's landscape. The sculpture is made of metal and is surrounded by a low wall. It is a beautiful and unique piece of art that adds to the park's landscape.
