Subject: Dorris Street, Manchester - Secure By Design

Good afternoon Gents,

I have just sat our monthly progress meeting for our project on Dorris Street.

During this meeting the architect brought to my attention an outstanding planning condition regarding secure by design.

Please see the planning conditions matrix attached (condition 9).

Could you please send across all of the relevant information to help evidence works for this planning condition?

The architect discussed PAS24?

Apologies, I'm not up-to date just yet with secure by design works.

Regards
