Dear Sir or Madam,

Class A, Part 1, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (as amended)

Application No.: 130844/PDE/2021

Description: Prior notification of proposed larger home extension projecting 5.73m to the rear with a maximum height of 3.82m and a height at eaves of 2.77m

Location: 18 Macauley Road, Manchester, M16 0FA

The above application was submitted to us on 17 June 2021.

When assessing the criteria of the larger homes extensions under Schedule 2, Part 1, Class A of the above Order, the proposal must comply with all of the requirements to be permitted development; this includes all conditions, limitations or restrictions.

In paragraph A.1(j) of the Order, development is not permitted where "the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse..." and "... (iii) have a width greater than half the width of the original dwellinghouse"; a wall forming a side elevation is any wall that cannot be identified as being a front wall or a rear wall. In the interpretation section of the Order the word 'original' is stated to mean - (a) in relation to a building, other than a building which is Crown land, existing on 1 July 1948, as existing on that date; (b) in relation to a building, other than a building which is Crown land, built on or after 1st July 1948, as so built...'

It is clear from the submitted plans and enquiries of aerial photos that the property has previously been extended, but prior to addition of this single-storey rear extension there was an original single-storey rearward projection, the same example of which can be seen at the adjoining property, with both properties appearing with the same rearward projection on Ordnance Survey mapping in 1951. Accordingly, the original rearward projection can therefore be said to have formed part of the "original" dwellinghouse for the purposes of the Order.

As a result, the proposed enlargement will extend beyond the wall that formed the side elevation of this original rearward projection and then extend beyond what was its rear wall and encompass it; a width greater than half the width of the original dwellinghouse will therefore result and the proposal would fail to meet the limitations of sub-paragraph (j).

Accordingly, the proposal does not satisfy all of the conditions and limitations and is therefore not permitted under the Order and an application for planning permission is required.

This letter is to be treated as a refusal of this application, in accordance with paragraph A.4(3) of the Order, and as such you have the right of appeal under Section 78 of the Town & Country Planning Act 1990 (as amended). Any such appeal must be submitted using the Planning Inspectorate's website at <https://acp.planninginspectorate.gov.uk/> within 12 weeks of the date of this letter.

Alternatively, if you wish to proceed with the proposed extension, you would need to submit an application using the 'Householder Application for Planning Permission for works or extension to a dwelling' forms and pay the requisite fee, which is currently £206.

Should you wish to discuss this matter any further please contact Adam Neil.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Julie Roscoe', written in a cursive style.
