

Appendix E Proforma for Planning Applications

**MANCHESTER
CITY COUNCIL**

Planning Application – Waste Management Strategy

Planning Application Number:

Date Submitted:

Estimated volumes/ m² required by the development

Low Rise Domestic

Waste Types	Capacity Required (litres)	Number of bins required per household	Confirm what is to be provided
General refuse	140 / 240	1 x wheeled bin	8
Pulpable Recycling	140 / 240	1 x wheeled bin	8
Mixed Recycling	140 / 240	1 x wheeled bin	8
Garden Waste	140 / 240	1 x wheeled bin	n/a
Food Waste	23	1 x 23 litre caddy	n/a

High Rise Apartment Developments

	Yes/No - how much space has been provided?
0.43m ² has been provided per apartment for the container space. Space to manoeuvre and access containers individually has also been provided so that each container can be accessed and removed for collection individually.	n/a

Commercial Developments

Please state number of bins you propose, showing calculations where appropriate.

General Waste -
Pulpable Recycling -
Mixed Recycling -
Food Waste -
Industrial Waste -

Has / will a contract be obtained with a licenced waste carrier?

☐

Mixed Use Developments

Are the stores for residential and commercial separate from each other?

☐

Internal Stores (Residential and Commercial)

Please provide details of internal stores / segregation of waste and recycling.

Currently the scheme doesn't provide internal stores.

Note these are eight specialist units with supported living spaces. It's assumed that the supporting staff will take the waste and recycling to the external bin store provided.

Storage Areas for Waste Containers (Residential and Commercial)

Please provide details of container stores, attaching plans if appropriate.

The scheme includes bin storage shed made from treated softwood, tongue and groove effect boards, and an internal galvanised steel frame for extra strength. The floor is a concrete base floor on 150mm min compacted hardcore. Please refer to the Refuse Strategy Plan included in the planning application

Ensure all bins in the store are accessible

☒

Ensure recycling facilities are as easy to access as general refuse

☒

Please confirm details of waste store ventilation and hygiene / cleaning proposals

Ventilation - The external bin storage cladding allows for natural ventilation.

Hygiene - The concrete floor allows for easy cleaning and maintenance

Please provide details of who will be responsible for placing the bins at the collection point and returning them to the store / property promptly e.g. resident / management company

The management staff will be in charge for placing the bins at the collection point and returning them to store.

Please ensure that you have attached:

Detailed plans of waste stores	☒
Location plans showing stores	☒
Location plans showing the proposed collection point and the route the collection vehicle will take	☒

Please ensure that you have completed this form in accordance with our GD04 Waste Storage and Collection Guidance for New Developments
