As it is the prior approval that is being implemented, there is no consent for external works as such, we just had a car parking layout, so the works would need planning consent. I also note that the car parking arrangement has altered from what was approved as part of the transport documents submitted with the prior approval application.

I did advise on the 27th November 2020 that alterations to the bin stores would require a variation to the specified plans and car parking conditions on the prior approval. I commented that Highways would have to look at the impacts of the alterations on car parking.

You are probably best applying for these works separately for consideration.
