For the attention of Mr Keith Miller

Dear Sirs

Ref: B2585 – City Gate, Blantyre Street, Manchester, M15 4AT

As part of the extensive external recladding works of City Gate 1, 2 and 3 both, Cheshire Scaffolds Ltd (CSL) have erected scaffolding in order to facilitate the works of the external envelope. The scaffolding will allow CSL and their project team to conduct initial surveys, followed by repair and restoration of the cladding alterations that are in the project scope.

Following the success of the banner wrap put in place on alternative locations throughout Manchester, we support the application for a banner to be put in place on our scaffolding at City Gate 2. The banner will greatly improve the appearance of the scaffolding when in situ but also help to drive awareness of the development, ultimately helping to improve the chances of success of important remediation projects in Manchester.

Yours faithfully

Stuart Moncrieff
Commercial Director
