

1. **Product Identification**

PAG SAGR (Self Adhesive Gas Resistant membrane)
Emergency Telephone number : 01536 740040

2. **Hazard Identification**

This product is not classified as dangerous for supply under the terms of the chemicals(Hazard Information and Packing for Supply) regulations 1994, as amended

3. **Composition/Information on Ingredients**

No ingredients classified as hazardous.

4. **First Aid Measures**

Inhalation:	Not readily inhaled.
Skin Contact:	Wash with soap and water or bland proprietary cleanser. Remove contaminated clothing a. If skin irritation persists seek medical attention.
Eye Contact:	Wash with copious amounts of cold running water. Seek medical assistance.
Ingestion:	Do not induce vomiting. If conscious give milk or water. Seek medical attention.

This sheet to be shown to Emergency / Medical staff.

5. **Fire Fighting Measures**

In case of fire use dry chemical foam or carbon dioxide (CO₂)
Combustion produces toxic gases. Wear self contained breathing apparatus, full protective clothing.

6. **Accidental Release Measures**

Personal Precautions:	Wear protective clothing, eye and hand protection (PVC gloves).
Environmental Protection:	No specific Precautions
Clean-up Methods	Recover all waste material and dispose to local licensed tip according to local authority waste regulations.

7. **Handling and Storage**

Storage:	Store in a dry, cool area away from sources of heat.
Handling:	Use only in well ventilated areas. Avoid breathing in vapours as much as possible. Use gloves as recommended. Handle large containers with care according to good manual handling practices. Prolonged or repeated contact may lead to irreversible effects.

8. **Exposure Control**

Exposure limits:	Not applicable (EH 40 UK)
General Protection & Hygiene measures:	Good industrial hygiene practises are adequate to prevent skin contact. Wash hands after each work period and before eating. Wear protective clothing.
Respiratory Protection:	No specific precautions.
Hand Protection:	Use PVC gloves.
Eye Protection:	Use goggles.

9. **Physical and Chemical Properties**

Physical State:	Solid (supplied in rolls)
Odour:	Essentially odourless.
Flash Point °C:	Not applicable.
pH:	Not applicable.
Boiling range of solvent:	150 – 200°C.
Melting point °C :	Not applicable.
Flammability :	Non flammable.
Vapour Pressure @ 20°C	Not applicable.
Solubility in water	Insoluble.

10. **Stability & Reactivity**

Unreactive and stable under normal storage conditions. Avoid high temperature, Oxidising agents , strong acids and alkalis

11. **Toxicological Information**

This product contains trace PCA's, contact with skin should be avoided (see section 8)

12. **Ecological Information**

Not readily Biodegradable.

13. **Disposal Considerations**

Dispose of empty container to an appropriate licensed waste disposal site. Ensure that disposal conforms to national or regional legislation.

14. **Transport Information**

Special precautions in carriage :	None.
Main risk :	None.

15. **Regulatory Information**

Contains :	Not applicable.
Hazard Phrases:	Not applicable.
Precautionary Phrases :	Not applicable.

Note : Actual label may not be as above if product was supplied some time previously or labelling is in transition period.

16. **Other Information**

Customers are urged to ensure that the product is entirely suitable for their own purpose. If requested, PAGeotechnical Limited can assist in technical discussions. If this product is redistributed or reformed for sale, details of its hazards and the recommended methods for safe handling must be passed to customers.

The data contained in this Safety Data Sheet has been supplied as required by the Regulation CLP No 1272/2008, as amended, for the purpose of protecting health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided.

Please ensure that it is passed to the appropriate person(s) in your company, who are capable of acting on the information.

This information is given in good faith, being based on the latest knowledge available to PAGeotechnical Limited. No known relevant information has been omitted from this Material Safety Data Sheet and the information provided is designated to enable the user to use the product safely. The user should not assume on the basis of the information provided in this sheet that the product is suitable for any abnormal use. If the information provided is insufficient to ensure safety in any particular application, contact PAGeotechnical Limited for further advice before the proposed application is undertaken.
