4. Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

☒ Yes ☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposed changes involve the rear of the semi-detached period property. The existing (French) double doors at the rear will be changed for 4-panel folding doors. The original opening will need to be widened to accommodate the new doors. The part of the proposal will be to reconfigure the external walls to incorporate unutilised rear porch space for the abutting kitchen. The existing glazing panels will be changed for larger units. Please see plans for more details.

Does the proposal consist of, or include, a change of use of the land or building(s)?

☐ Yes ☒ No

Has the proposal been started?

☐ Yes ☒ No

5. Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

All works and materials will be of high quality to enhance the building and will match the existing where needed.
Work is at the rear of property so will not affect the existing street scene and can only be seen in the dwelling private garden.
All alterations respect the boundary of the property and the existing building footprint so will not contribute to overshadowing or over-development.
All proposed openings are positioned in places of existing/original openings so will not create issues with overlooking.
Opening sizes respect the proportions of the building and still create a desirable vertical emphasis.
New doors will provide added security to the rear of the property, enhance natural lighting, and increase spatial functionality.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application
