

Memorandum

To Janine Renshaw-Livesey

From Leanne Chapman

Date 20 January 2021

Subject **129075/FO/2021**

Installation of 6 no. antennas and installation of 2 no. 0.3 metre diameter dishes and ancillary development including the relocation of 6 no. existing antennas and installation of 15 no. Remote Radio Units (RRUs), 15 no. Ericsson Radio Systems (ERSs) and 2 no. GPS modules, on a replacement antenna headframe on the existing monopole.

We have reviewed the above application in relation to highways and our comments are as follows:

CONTEXT:

The application is for the installation of 6 no. antennas and installation of 2 no. 0.3 metre diameter dishes and ancillary development including the relocation of 6 no. existing antennas and installation of 15 no. Remote Radio Units (RRUs), 15 no. Ericsson Radio Systems (ERSs) and 2 no. GPS modules, on a replacement antenna headframe on the existing monopole at Communications Mast, Johnson's Square, Manchester, M40 7UE.

HIGHWAYS RESPONSE:

The telecommunications equipment will be placed on private land at Johnson's Square.

It is accepted by highways that the proposals would not cause a distraction to passing vehicles or pedestrians and would not give rise to forward visibility issues.

It is understood that the proposals would require a minimal level of routine servicing/maintenance (every two to three months) with maintenance vehicles parking on-site using the available access from Oldham Road.

The applicant is advised that any requirements for temporary traffic management arrangements will need discussion and agreement with the council's Highways Applications and Network Resilience teams via Contact Manchester (Tel. 0161 234 5004).

Highways Reference: 11438/TELCO/2021
