you will need to submit an application to discharge conditions at planningportal.co.uk, and there is a fee £116 per approach so if you apply to discharge the conditions below at the same time it is £116 , but if you apply to discharge them separately it is £116 each time.
If you do apply, the type of application is 'application for removal of details reserved by condition'

Condition 3 - Travel Plan

Within 3 months of the date of this permission, a Travel Plan shall be submitted to and agreed in writing by the City Council as Local Planning Authority. In this condition a Travel Plan means a document which includes:

- i) the measures proposed to be taken to reduce dependency on the private car by those [attending or] employed in the development
- ii) a commitment to surveying the travel patterns of staff during the first three months of use of the development and thereafter from time to time
- iii) mechanisms for the implementation of the measures to reduce dependency on the private car
- iv) measures for the delivery of specified travel plan services
- v) measures to monitor and review the effectiveness of the Travel Plan in achieving the objective of reducing dependency on the private car

Within nine months of the date of this permission, a revised Travel Plan which takes into account the information about travel patterns gathered pursuant to item (ii) above shall be submitted to and approved in writing by the City Council as local planning authority. Any Travel Plan which has been approved by the City Council as local planning authority shall be implemented in full at all times when the development hereby approved is in use.

Condition 4 - Acoustic fencing

Within 2 months of the date of this permission , finalised details of the location(s) , height and design of the acoustic fencing shall be submitted to and approved in writing by the City Council as local planning authority . The approved scheme shall be implemented within two months and shall be maintained in a manner which ensures that it continues to attenuate noise to the appropriate level, throughout its use.
