Hi again Lisa,

Perhaps this is what you mean?

Many thanks
Elli.

Hi there Lisa,

I'm afraid I don't understand what it is you need.

We aren't applying for building work/an extension. Its literally just the perspex roof held up by wooden supports that you can see in all of the pictures I sent.

The previous email asked me for photographs which is what I've sent. I've already sent site plans of the building attached to the original application along with a drawing, are we now being asked to employ an architect for more drawings of what has already been built?

I was advised by Matthew to apply for temporary planning so that we can keep this up while we try and get through Covid. I've spoken at length with Robert Griffin too.
