Unit	Sq. metres

5. Description of the Proposal

Please describe details of the proposed development or works including any change of use.

If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.

We have had a tempoary structure erected against the building, in order to provide shelter for customers in poor weather. Since social distancing measures were put in place and we have had to remove seating inside the building, we have found that most of our customers prefer to dine outside where they feel safest. We have previously had parasols to keep them dry but this isn't adaquate for winter or for the staff serving the tables.

The construction is of wooden supports and a transparent perspex roof, we have also made sure to include guttering in order to keep water from the pavement, this drains into our drains on private land. We have not defaced the building and the structure is designed to be removed at some point in the future. We believe that this structure is aesthetically in keeping with the local area and we employed a professional joiner to carry out the work.

There is no change of use to the area, it is simply to keep customers dry. They will still be required to vacate the space at 9pm as per our licence and it has not made room for any extra persons. Therefore, there will be no impact on the local residents and indeed we have made sure that it is all contained within our land and not in the line of sight for the residents of Kensington Road.

We wish to obtain temporary planning permission for this structure for the period of 3 years. We believe it will help us to recover from the impacts of Covid and we need to do all we can to assist with this recovery.

Has the work or change of use already started? ◉ Yes ○ No

If yes, please state the date when the work or change of use started (date must be pre-application submission) DD/MM/YYYY	02/11/2020

If Yes, please state the date when the work or change of use was completed (date must be pre-application submission)	01/12/2020

6. Existing Use

Please describe the current use of the site

The area the application applies to is an outdoor seating area for customers. It is brick paved with planters separating it from the pavement. Customers are allowed to use this space until 9pm. Customers are seated on one of the six, four person tables within this space and then served from their seated position. Ours patrons are generally young families and middle aged professionals from the surrounding streets. We provide a breakfast/brunch/dinner menu.
