Comment Reasons:

Comment: I wish to object to this planning application.

I objected to the last application made against this house, and I'm object to this application on the same grounds. This is a single-dwelling, a family home in a wonderful community. It should not be turned into flats or worse still and HMO. I thought MCC policy was not to turn houses into flats, it decimates communities and ultimately society.

The application is a complete over development of the house, it is essentially 9 bedrooms in what is a family home. The flats and areas will be tiny and that many flats/bedrooms will be detrimental to the character of the area. Turning one of the few lovely big family homes into yet more flats.

5 car parking spaces will result in the significant loss of green habitat.

please reject.
