Hi Jennifer,

The calibration certificates are fine.

Looks like we just need a detailed remediation strategy now for part a) of the condition

I am going to tune into the committee next week, think it will be a good watch (at least the first few items)

Kind Regards

Laura

Hi Jen

Please see attached some suggested amendments following discussion with the applicant and design team – apologies, I know you wanted to discuss earlier in the day, but I have been caught up in a few calls – is now a good time?

Kind regards
