Dear Jennifer,

Re: Application 126431/FO/2020 - Arena

I am writing to support proposals for a new arena in Manchester. hangingditch wine merchants / Blossom Street Social are wine merchant / bar / dining venues in the city centre and Ancoats respectively.

The new arena will sell hundreds of thousands of extra tickets each year. This means more people coming to the city and spending money in bars, restaurants and hotels. This will be a good thing for our economy particularly given the economic impact of coronavirus.

Blossom Street Social is on the walking route from Northern Quarter to the arena so it is likely this will bring more customers when there are events on at the arena. Plus the new arena will create thousands of jobs for people in and around East Manchester giving people more money in their pocket to spend locally.

Finally a world-class arena suits the city's status as a world-class place of entertainment. Which is why this should go ahead.

Yours sincerely

Ben Stephenson
