Comment Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: i oppose to these apartments being built as the apartments being made ever so slightly bigger doesn't actually deal with the issue that they aren't family friendly which residents of the area have been assured that all new builds and property developments will be. the property developer has also completely torn down and destroyed a large amount of green space to the rear which had been tended to for decades, purely to prioritise parking space rather than keeping it as valuable outdoor communal green space for the property. having a potentially large increase in the amount of cars coming into this small cul de sac is also going to cause noise and traffic issues on the road too. I would also like to add that the builders employed by the developer have shouted offensive comments to my partner when walking out the road with them, in front of my own home, while the managers and various people were on site and seem to have no issue with being disrespectful to residents at their homes.
