Comment Reasons:

Comment: The existing Manchester Arena serves the city perfectly well and public transport links are excellent from all directions of the city. As I live to the West of Manchester I find accessing the Eastlands area difficult by public transport. I have attended matches and events at the Etihad Stadium and at the Velodrome and it's difficult to access. I would not want the existing Manchester Arena to close if a new arena were to be built and a city centre location is preferable to Eastlands.
