Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We already have Manchester arena? Why?

This makes no sense

Manchester doesn't need an extra arena. They're noisy and create too much traffic and crowds. Manchester arena is enough, keep it at that.

Rather than just following the scent of money why not start doing things that benefits the people who live here, build more green spaces rather than letting people build offices and apartments and other unnecessary things on them, even the existing ones! Mad. Ness.

Considering the pollution levels in some areas are already at an illegal level you should be doing more to lower it not things that will drive it up.
