Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This application is madness when there is already a perfectly good arena in the city centre, which I have visited many times, which is close to transport links to all over the north of England.

I would not visit an arena out near the Etihad stadium as I do not have a car and would not be able to get easily back to Leeds after an event which would mean an overnight stay at extra expense.

This application must be rejected in the interests of common sense.
