

Construction (Design and Management) Regulations 2015
Designer Considerations
LDM Surveys Ltd, as the project's "Designer" as defined by Regulation 9,
and have avoided foreseeable risks to those involved in the construction and future use of the
structure and it is doing all reasonable practicable to do so as is reasonably practicable, taking account of
other design considerations and relevant risks associated with these hazards.
The Designer has provided adequate information about any significant risks associated with the
design and construction of the work and others in order to improve the way in which risks are
managed and controlled.
The associated risks are restricted to site or project specific risks and as such are not considered
as a complete and final list of all hazards that may arise.
