Comment Reasons:

Comment: Is it really believed that the city can support 2 major arenas? The fact of the matter is, one of them would fail. And if this fate falls on Manchester Arena, that will also put a lot of other city centre businesses at jeopardy - the bars, restaurants, hotels and shops that all rely on the footfall that the Arena brings.

Manchester Arena should be saved at all costs. It is a piece of Manchester's history and with its redevelopment plans to become the largest arena in Europe it will also be a huge part of Manchester's future.

I have read the representations submitted by ASM and stand with them fully.
