Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I think this development would be detrimental to Manchester City Centre and its' businesses. We already have an Arena in Manchester that has a high capacity and there is really no need for another. We also have two Football stadiums that are used for events.

This proposal, if granted planning permission, would also increase the stress on public transport, cause traffic problems especially for local residents and will increase the city's greenhouse gas emissions.
