Comment Reasons:

Comment: Constructing this arena at the expense of potentially removing the Manchester Arena is an act of sacrilege. This is an arena whose history and roots are steeped into the history of Manchester and the North West. This money to fund this venture would be better used to enhance the existing Manchester Arena, ensuring the legacy of that arena and its importance in the city's history are preserved as well as saving funds and allocating them to other sectors more in need of assistance or rebuild.
