Comment Reasons:

Comment: There are other live music venues in Manchester besides the arena. I personally don't think the Arena needs to be bigger but I most definitely believe that there is not only no need but no financial sense in having 2 large arenas in Manchester. Would the existing infrastructure support the proposed second venue or would the council have to send millions in improvements just to support a second arena that isn't needed? Would the majority of Manchester rate payers support having to pay anything to improve the infrastructure around the proposed new venue? I sincerely doubt it. Please, please do not have a second arena in Manchester. Thank you. Lynn and Neil Keig (frequent MEN visitors although not resident in Manchester)
