Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to this planning application on the following grounds:-

Events at the new Arena will frequently clash with football matches at the Etihad Stadium which will cause huge traffic congestion in the surrounding area.

Also public transport will not be able to cope when there is a clash between football matches and events at the new arena on the same day/evening.

MCFC will lose out in the close season when they frequently hold music concerts.

There are enough concert and theatre venues in and around Manchester city centre.

It will be hell for local residents in Eastlands when concerts and football matches are held on the same days.

Eastlands does not have the same infrastructure in terms of bars, restaurants and travel options that the City centre has.
