Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:I would like to object for the proposed additional arena venue in Manchester. With the current social distancing advice, it makes no sense to have an additional venue in Manchester and it would also offer nothing that isn't already available in Manchester. There is just about 1 of every concert venue size in Manchester that cater to all types of event so an additional arena type wouldn't be offering any advantage to event goers and a better investment would be for more public transport. I frequently travel to Manchester for gigs and shows as it is the best city in The North - an additional venue won't add to this at all and may mean more zero hours contract staff as they need to work between venues.
