Comment Reasons:

Comment: I really don't see why a new arena would be proposed so near to the existing arena... the transport links to the existing one are excellent, sited above Victoria station and the tram interchange. I would be very unlikely to use a venue that increased my travel time and would be much more inconvenient to get to and from. The nearby print works and Arndale are also a massive positive for the existing arena so why jeopardise such a successful, popular venue by granting permission for another arena?
