Comment: I absolutely object to plans to erect a new arena

MEN are a has been my god to' music venue for years and it's location is perfect for my family's needs. It is easy access to travel from Lincolnshire, plenty of parking, plenty of nearby hotels and prefect location for the shops, pubs and restaurants for before and after the events which we attend. We always stay overnight in Manchester following an event at the MEN and always chose a hotel within the city centre which is great walking distance to the MEN. This makes it so easy for us. We always eat and drink at the nearby restaurants and the. shop in the city centre the following day, and we haven't used our car once since parking up when we arrived. Manchester does not need another arena. The MEN is perfectly located and once their planned investments i. The building is complete, it will be an even more wonderful place to visit for gigs. Invest in and support the brilliant arena which Manchester already has, the MEN.
