Comment Reasons:

Comment:I have recently been made aware of an application for a new arena in Eastlands, Manchester. I do not think this is a good idea as there is a perfectly good arena in the centre of Manchester. Another one would not make both viable.

To get to Eastlands you would need too travel thus adding more pollution to the air. We visit the MEN from Yorkshire as it is close to all public transport links and close to the city centre for us to make a day trip out of it. It is unlikely we would visit an arena not in the centre that requires us to either drive or make more than one journey via public transport.
