Comment Reasons:

Comment: Morning Jennifer

Hope you are doing well, I do not have the full picture of what's been happening however I believe this application is about building another Arena where musical festivals going to take place etc etc - We already have Manchester Arena for such social activities so why are we going to built another one ? The concerned I have the are the increase of non social / behaviour activities in the area, traffic & parking problems - it will be very difficult to go to Asda to do shopping whistle any activity is going on in the Arena. This area is a peaceful area & I would like to keep it this way - The Town centres have got arenas & enough pubs & clubs to cover all such activities & I personally don't see any reason of making another Arena in this area !!

Apologies if I have mis understood this application but I have big object against this application / Arena
