Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: A plan that would take events and music out of the heart of Manchester. The arena is easy to get to and has been at the heart and soul of many gigs and events for years. The new development would be impersonal and affect who would go to events that are held there. The current location, capacity and layout is what attracts myself and my family to music and events that are held here. Such a shame if the current venue was no longer to continue- probably for the sake of some money-hungry organisation trying to cash in.
