Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I strongly object to the building of the new arena. The one currently in Manchester is perfect setting and holds many memories for many people and we need only this one in Manchester. This is also a poignant memory for the bombing that took place there and if this had to close because of the new one being built it would destroy all that it stands for, for Manchester. This arena is close to city centre for people to eat at the local business and these would inevitably suffer if this had to close. Also it's in the tram and train routes with easy access. The intention to build a new arena is wrong and I don't want this to be built. We only need one arena and we have this already keep our arena we currently have.
